Profile

Since its founding in Japan in 1937, the Daifuku Group has established a long track record in material handling spanning a wide variety of sectors. Having aspired toward globalization from early on, Daifuku today operates in 22 countries and regions and is the world's top material handling systems manufacturer. Featuring an integrated approach from consulting to engineering, design, manufacturing, sales, installation, and after-sales services, Daifuku's comprehensive business structure is one of its unique strengths.

Under Value Innovation 2017, a four-year business plan that commenced in April 2013 with the key words of "innovation" and "solutions," Daifuku seeks to become more responsive to the needs of its customers and society, while maintaining its core material handling business. Daifuku is evolving into a top-class Value Innovator that can offer the optimal and best solutions to help its customers gain a competitive edge.
