Company Creed

Hini Arata

Today we are doing better
than we were yesterday.
Tomorrow we will be growing
ahead of where we are today.

■ Total Support

Daifuku's strength lies in its comprehensive support system for customers that includes consulting, design, production, installation, and after-sales service such as maintenance and retrofitting. By independently developing and producing key material handling systems, we offer complete solutions that satisfy customers around the world and increase their competitive advantage.

■ Global Presence

Daifuku currently has affiliate companies and offices operating in 25 countries and regions, providing a global framework that supports our customers around the world.

■ Sustainability Initiatives

In line with its global responsibility, Daifuku has set five themes and identified 18 materiality aspects, also known as material issues, to meet its responsibilities in the areas of human rights, labor, the environment, and anti-corruption. We will contribute to the achievement of the UN's Sustainable Development Goals by working on these aspects through our business activities, thereby enhancing our corporate value and help realize a sustainable society.

"A company that supports society and the future"
