Corporate Creed

Hini Arata

Today we are doing better than we were yesterday. Tomorrow we will be growing ahead of where we are today.

Total Support

Daifuku's advantage lies in its total support framework, which deals with all kinds of services and operations, including consulting, system construction, production, installation, after-sales service for long-term stable operation and replacements.

Independently developing and producing the products that are the key components of material handling systems, we offer best solutions that satisfy customers around the world, helping to increase their competitive advantage.

Global Presence

Daifuku currently has affiliate companies and offices operating in 25 countries and regions, providing a global framework that supports our customers around the world.

CSR Initiatives

To respond to the social issues of "human rights, labor, environment, and anti-corruption" that global companies are expected to address, Daifuku established its "Daifuku CSR," a commitment which specifies six initiatives.

"A company that supports society and the future"

To achieve that goal, we are engaged in the following six initiatives.

- Provide high quality products and services
- Contribute to the environment through corporate activities
- Nurture relationships of trust with our suppliers
- Respect human dignity (human rights, labor practices, safety, health)
- Create good relations with communities
- Strengthen risk management
