| Dividend payout ratio | $60 \%$ | $10 \%$ |
| Non-Japan sales ratio | Over 25\% | $30 \%$ |
| Service sales ratio |  | $70 \%$ |

■ Sales: Projected to be achieved one year earlier than planned. The final numerical target for the final fiscal year has been revised upward accordingly.

- Operating income : Aimed at surpassing the record high, in line with the increased sales. (20.6 billion yen for the fiscal year ended March 2008.)
- ROE : Added the numerical target as a management indicator to increase corporate value.

## Factors behind the revision and issues

## Factors behind the business plan revision

Factors in the business conditions

- Spread of Abenomics effects
- Sharp yen rate (\$1: 80 yen $\Rightarrow 119$ yen)
- Recovery among main advanced countries
- Accelerating manufacturing and distribution for consumers in emerging countries in Asia and other countries
- Expanding global e-commerce business
- Creating new systems with the Internet of Things, increased demand for electronic devices and high-definition FPD
- Globalization of tougher competition in the market

## Factors for Daifuku

- Increased non-Japan sales through proactive M\&A (backed by the depreciation of the yen)
- Stable cost-cutting efforts through "structural innovation"
- Sustainable growth in service business
