DAIFUKU

M500-U Unit Load 5,000 lbs Carry Capacity

Automatic Guided Vehicles

The Model M500-U is part of our top-selling family of AGVs offering ultimate flexibility, reliability and scalability at an affordable price.

FEATURES

Compact and Maneuverable: The ultra-low top of deck is ideally suited to carry heavy loads at an ergonomic height, also available with lift or conveyor deck. This AGV is highly maneuverable with center rotate and bidirectional capabilities making the best use of your valuable space.

Multitalented: This AGV supports both Natural Feature Navigation and Inertial navigation ensuring the ability to navigate in challenging environments.

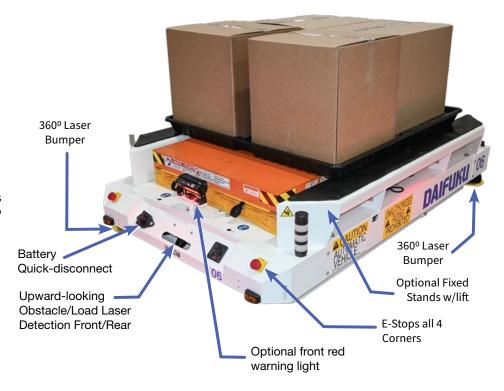

Robust: The M500-U follows our decades of experience building rugged AGVs suited to industrial environments.

Safe: The M500-U offers 360 degree laser bumpers + 2 additional (upward looking front/rear) lasers to detect obstructions and personnel.

Efficient: Highly efficient AC drives powered by optional lithium batteries for fast charging and long life. Automatic charging supports 24/7 operation.

Connected: With Daifuku's System Automation Manager™ (SAM) software providing traffic control and fleet coordination, AGV operations may be integrated with Plant Control and Warehouse Management Systems.

Simple: CartTools™ and AGV Tools software provide a user-friendly interface to implement/ make changes.

Vehicle shown with the following options: Scissor lift, fixed platforms, and red warning lights on all sides.

NAVIGATION OPTIONS

Natural Feature Navigation (NFN):

The AGV determines its location using LIDAR to identify structures in the environment and match their locations to a virtual map of the facility.

Inertial Navigation: Odometry data and in-floor waypoints are used by the vehicle computer to determine location.

Co-Navigation Technology: Multiple navigation packages may be used on a vehicle in challenging environments.

FEATURES

OPTIONS

- Automatic Charging, 140 amps
- Warning Light/Horn
- Automatic Shut off
- Music Generator
- · Sleep/Auto-wake
- Lithium Battery Pack
- 360° Floor Warning Lights Front, Rear and Sides
