Corporate Creed

Hini Arata

Today we are doing better than we were yesterday.
Tomorrow we will be growing ahead of where we are today.

Total Support

Daifuku's advantage lies in its total support framework, which deals with all kinds of services and operations, including consulting, system construction, production, installation, after-sales service for long-term stable operation and replacements. Independently developing and producing the products that are the key components of material handling systems, we offer best solutions that satisfy customers around the world, helping to increase their competitive advantage.

Global Presence

Daifuku currently has affiliate companies and offices operating in 26 countries and regions, providing a global framework that supports our customers around the world.

Sustainability Initiatives

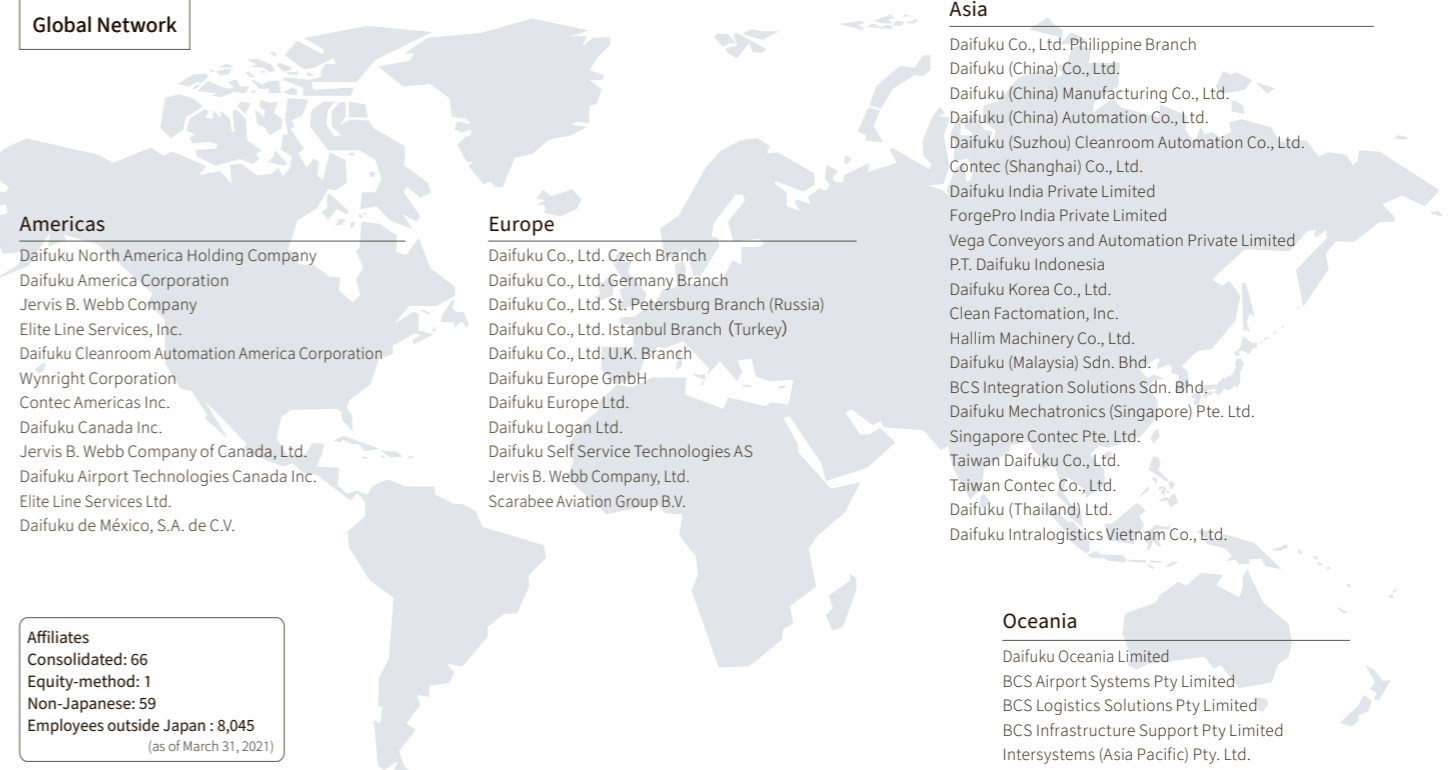

In line with its global responsibility, Daifuku has set five themes and identified 18 materiality, also known as material issues, to meet its responsibilities in the areas of human rights, labor, environment and anti-corruption. Daifuku will contribute to the achievement of the UN's Sustainable Development Goals by working on materiality through its business activities, thereby enhancing its corporate value and helping it realize a sustainable society.

"A company that supports society and the future"

- Contribute to a smart society
- Maintain and improve the quality of products and services
- Enhance operational framework
- Respect human dignity
- Contribute to the environment through our business
